## Work Line by GT Tool Bag Top 04 R

**EAN 8024482188904**

### Practicality, Protection, and Comfort on the Move

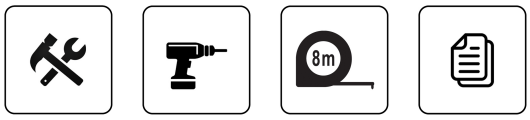

The TOP 04 R is a compact and durable tool bag designed to provide maximum comfort and efficiency for professionals working in the field. Equipped with sturdy padded pockets for tool protection and an ergonomic adjustable shoulder strap, it is the ideal choice for electricians, installers, maintenance workers, and technicians who need a professional tool bag that is easy to carry. The reinforced shockproof base ensures strength and long-lasting durability, making it perfect as a work tool bag.

**Features**

1. Padded pockets for secure tool protection.
Tools are housed in protected compartments that keep them stable and safe from impact or abrasion during transport.
2. Adjustable shoulder strap for comfortable and personalized transport.
Ideal for work on the move, the tool bag can be comfortably carried over the shoulder, even during frequent travel.
3. Reinforced shockproof bottom for greater durability.
Designed to withstand demanding work environments, this professional tool bag resists falls, bumps, and uneven surfaces.
4. Compact and well-balanced design.
With dimensions of 410 x 230 x 300 mm and a weight of 1.30 kg, the TOP 04 R combines capacity and portability without being bulky.
5. Perfect as a standalone bag or in combination with others
Can be used alone or as a complement to a tool backpack, tool case, or professional work backpack.
6. Suitable for all types of technical and operational tasks.
Its robust and functional structure makes it suitable for electrical, plumbing, electronic, and industrial sectors, with maximum flexibility of use.
